

# Back to School/Back to Daycare/Back to Work Self Attestation

We believe that Doctor's notes are not an appropriate use of health system resources; they potentially put patients, teachers and contacts at further risk and physicians are not generally in a position to adjudicate such matters.

Instead, we feel that parents and families can use this "Self-Attestation" form to fill and assess whether or not it is safe or prudent to go back to school/daycare or work. Please be honest and responsible when completing the checklist as the continued control of spread of virus in our community depends on strategies to keep those who may spread the disease away from others.

Please check the boxes below when going back to school, daycare or work:

Your Child's Name:

My child was sent home from school or daycare because of an illness and has been isolated at home for 14 days and currently has no signs of any illness

My child was sent home from school or daycare because of a suspected illness and was observed for 24 hours. He or she has never become sick and is currently well with no signs of illness

My child was sent home from school or daycare because of a suspected illness and was found to have another diagnosis not COVID. He or she has been observed for 24 hours and is now well with no signs of illness

My child has had a negative COVID-19 test for his/her current illness and may return to school

My child was a COVID-19 positive contact and has had a negative COVID-19 test done. He or she has been isolated and observed for 14 days and remains symptom free and may return to school or daycare

My child was a COVID-19 positive contact and has completed a period of isolation. He or she has been directed by public health that it is safe to return to school or daycare

My child has tested positive for COVID-19 and has been isolated at home for at least 14 days and is currently well with no symptoms and may return to school
